

**HIV AND AIDS REPORT CARD FOR GOVERNMENT MINISTRIES, DEPARTMENTS
AND AGENCIES**

FOR THE YEAR 2014/15

JULY 2015

Introduction

Introduction of Performance Contracting in 2004 for state corporations and government ministries aimed at improving efficiency and effectiveness required that all Ministries, State departments, Public Universities, State corporations, statutory boards and tertiary institutions report on a number of performance indicators including Prevention of HIV and AIDS infections and submit quarterly reports to lead agencies for performance evaluation. This information is collected every quarter through the Public Sector HIV Routine Monitoring System.

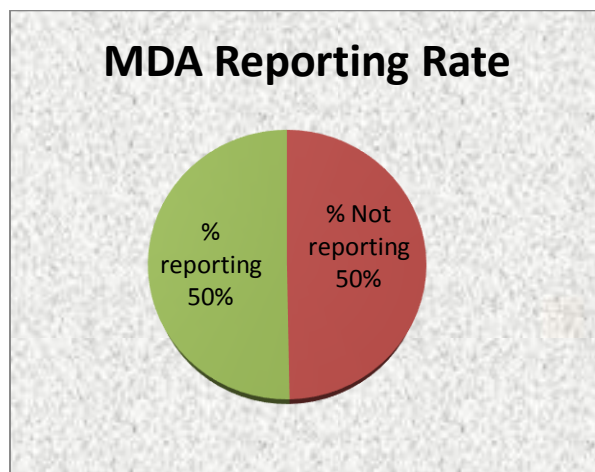

Kenya AIDS Strategic Framework (KASF) 2014/2015 to 2018/2019 defines a multi-Sectoral approach to combat HIV and AIDS, where all sectors get fully involved in addressing the pandemic. KASF expects to achieve this through leveraging on different sectors and emerging technologies for HIV prevention (NACC, 2014/15-2018/19, p. xi). Despite the fact that the Ministry of Health plays a key role in the multisectoral response with regard to providing technical direction and service delivery in biomedical areas of prevention, treatment and care, other sectors beyond health are expected to develop interventions and invest resources for the HIV response.

Report Card for FY 2014/2015

Kenya Gazette (2013) describes the organization of the Government of Kenya. According to the executive order No.2/2013 the government is constituted of 18 Ministires, 11 Departments, 168 state coporations under the ministries and 21 constitutional commissions and independent offices. To create accountability to the public for trargeted results, the perfomance contract requires that all these Governmnet entities submit quarterly reports to NACC on HIV Prevention activities for performance evaluation.

In the financial year 2014/2015 (11th Performance Contract cycle) 326 MDA's were expected to report on HIV Prevention activities however only 50.3% (190) reported. Inconsistent and late reporting were identified as the major challenges during the reporting period (See Annex 1 for the detailed MDA reporting).

Figure 1: showing the proportion of MDA's that reporting during the 11th PC cycle

Public Sector Contribution to the National HIV Response

Government through MDA's contributed to the National HIV response during the reporting period. Over 1,849,309 Kenyans and their families were reached with HIV awareness messages through the public sector HIV response. Of the 7.1 million persons tested for HIV in Kenya during the period under review the public sector contributed directly to over 619,312. The sector further supported distribution of over 7,400,000 condoms and approximately 832,613 adults and children with HIV supported through various Cooperate Social Responsibility initiatives. The MDA's were able to link people to services through referrals with 849,812 people referred for HIV services.

Table 1: Showing Public Sector Activities for the Year 2014/2015

INDICATORS	(FY 2014/2015)				
	Q1	Q2	Q3	Q4	Total
Number people reached with HIV and AIDS awareness messages including (A2 , A3, A4 and A7)	306,319	404,246	554,011	584,733	1,849,309
Number of people counseled and tested through activities organized by your institution (A5)	54,202	155,754	179,710	229,646	619,312
Number of new persons who disclosed their status this quarter(A6)	305	4,118	8,733	4,914	18,070
Number of condoms distributed(A8)	982,695	1,648,505	1,880,590	2,971,611	7,483,401
Number of PLHIV, orphans and vulnerable children supported (Food and nutrition, Psychosocial support clinical care, material support and households supported with IGA to improve food security (B1, C1 and C2)	20,078	251,715	292,349	268,471	832,613
Number of f ACU Support supervisory visit to Sub ACU(D1)	37	1,946	48	419	2,450
Number of people referred and received services(E1)	45,390	248,914	251,379	304,129	849,812

Source: National M&E System as at September 1, 2015

Reporting Challenges

Review of the reporting by quarter revealed that quarter 4 had the lowest number of MDAs reporting but this can be attributed to the fact that the reporting deadline for is always the 20th day following the end of the quarter. Inconsistent reporting amongst MDA's has been noted as a major challenge amongst other challenges that include lack of understanding for HIV mainstreaming, submission of incomplete data and late reporting. This calls for urgent Data Quality Audits (DQA) to ascertain that the information captured is complete, accurate and can be relied on for planning.

Table 2: Showing reporting rates for MDA category

Number of Reports Received - 2014 / 2015									
MDA's	Total no. of institutions (n)	Number of institutions that reported				Number of institutions that DID NOT report			
		Q1	Q2	Q3	Q4	Q1	Q2	Q3	Q4
Ministries/Depart.	29	18	14	18	11	11	15	11	18
