

ENERGY INFRASTRUCTURE INFORMATION AND COMMUNICATION TECHNOLOGY

Table 1: Sub-sector membership

	Sub-sector
1.	Energy and Petroleum, Infrastructure
2.	Information Communication Technology (ICT)
3.	Transport
4.	Infrastructure

AGA's and SAGA's: Kenya Power and Lighting Company Limited; Energy Regulatory Commission; Rural Electrification Authority; Kenya Pipeline Company; National Oil Corporation of Kenya; Kenya Electricity Generating Company; Kenya Petroleum Refineries Ltd; Geothermal Development Company; Kenya Electricity Transmission Company; The Kenya National Highways Authority; The Kenya Rural Roads Authority; Kenya Urban Roads Authority; The Kenya Roads Board; Engineers Board of Kenya; Kenya Civil Aviation Authority; Kenya Airports Authority; Kenya Ports Authority; Kenya Ferry Services; Kenya National Shipping Line; Kenya Railways Corporation; Kenya Maritime Authority; National Transport Safety Authority; Communications Authority of Kenya; Kenya Broadcasting Corporation; National Communications Secretariat; Postal Corporation of Kenya; Communications Appeal Tribunal; Kenya Year Book Editorial Board; Kenya Information Communication Technology Board; Media Council of Kenya; Kenya Institute of Mass Communication; Konza Techno-polis Development Authority

Objective	Intervention	Indicators
Increase the number of Personnel being trained that are cognizant to HIV control	Sector specific HIV and AIDS training or sensitization modules	# of people sensitized on HIV and AIDS interventions relevant to energy infrastructure information communication and technology sector training institutions
Contribute towards domestic financing for HIV response	Contribute percentage of infrastructure allocations towards the HIV funds	Percentage of project costs allocated to HIV component
		Actual amount allocated to the HIV component
Ensure that workers who contribute to the Energy Infrastructure and ICT sector are healthy	Avail treatment facilities within a 5 KMs radius in large scale development projects	# of sufficient treatment centers within a 5 KMs radius
Increase HIV and AIDS knowledge among the communities around the agro zones	Integrate HIV messages in day to day routines <i>(Message should be approved by NACC)</i>	# of outreaches that included at least one HIV message targeting the community
		# of people reached with one to one HIV and AIDS prevention messages in construction and or project sites
Reduce impact of HIV along infrastructure projects	Include impact of HIV & AIDS in the environment and health assessment <i>(NACC will provide the tool to be used for assessment)</i>	Environment and health assessment with impact on HIV and AIDS submitted to NACC
	Adherence to NACC proposed interventions based on the environment and health assessment	# of projects <i>(new and ongoing)</i> from which costed HIV interventions reports have been received
		Proportion (%) of achievement of targets set out in the costed HIV plan based on proposed interventions
Empower Young PLHIV with life skills revolving around energy and infrastructure projects	Empower of Young PLHIV in the energy and infrastructure sector with life skills	# of young PLHIV reached with life skill education to enable them deal with challenges of everyday life
Promote Bold mass media HIV prevention campaigns that challenge norms, attitudes and beliefs	HIV prevention campaigns that challenge norms, attitudes and beliefs	# of people reached through mass media health programs that challenge norms attitudes and beliefs that promote the spread of HIV
		# of HIV prevention Education and Communication, audio, video and braille material produced
Increase HIV and AIDS knowledge among the communities around the agro zones	Integrate HIV messages in day to day routines <i>(Message should be approved by NACC)</i>	# of outreaches that included at least one HIV message targeting the community
Condom promotion	Condom distribution	# of condoms received for distribution
		# of condom distribution points established
		# of condom dispensers installed
		# of condoms distributed
		# of people trained on condom use and disposal

Note:

Sensitisation of clients and key stakeholders will be based on a Prescribed sensitization package on HIV Prevention that includes the following key areas: HIV Situation in Kenya; Basic Facts on HIV and AIDS; linkages between sexual and gender based violence and HIV; Adherence to HIV treatment and care; Linkages between HIV, TB and Human rights, Reduction of stigma and discrimination toward people living with HIV; Linkages between HIV, and NCDs and Demand creation for HIV prevention, care and support services. (the Guide to Prescribed sensitization package on HIV Prevention available at the NACC website)
