Section III: Terms of Reference

TERM OF REFERENCE FOR INDIVIDUAL CONSULTANT FOR THE MIDTERM REVIEW OF THE NATIONAL AIDS CONTROL COUNCIL STRATEGIC PLAN 2015/19

INTRODUCTION

The National Kenya AIDS Control Council developed the 1st Institutional plan 2015/19 that encompasses all aspects of the organization's work. The plan is an overarching document that guides achievement of our vision as 'responsive authority in the multisectoral coordination of the national HIV and AIDS response', serving as a practical guide that informs institutional work plans and cascading performance to all spheres of the institution.

The five year (5) NACC Strategic Plan (2015/ 2019) identified the following three strategic goals to be achieved in the five year period;

- i) What NACC must do as an organization in respect to the legal mandate as a state agency
- ii) What results NACC must ensure are delivered in in the HIV response; and
- iii) What NACC must put in place in order to enhance its institutional capacity to deliver on its mandate and KASF results.

The three strategic goals identified are:

Strategic Goal 1. Delivery on NACC's key functions: This goal is informed by NACC's legal mandate and a function analysis based on Kenya's governance system with regard to devolution of HIV services; HIV as a multi-sectoral responsibility for citizen participation. Five (5) functional areas with a total of (22) strategies are defined.

Strategic Goal 2. Oversight for the delivery of Kenya AIDS strategic framework (KASF): This goal is informed by NACC's responsibility and accountability for the results outlined in the KASF. The strategic directions from the basis upon which NACC's strategies are developed to ensure coordination of stakeholders, partners, different sectors, and ministries, Departments and Agencies (MDAs) of Government; to monitor and track progress towards results; and to raise and align resources (both on and off-budget) towards KASF priorities. To better operationalize NACC's oversight role over KASF's implementation, the eight (8) strategic directions of KASF have been translated into 8 Functional areas under NACC's oversight goal. KASF's priority intervention areas

have then been matched with fifty one (51) strategic activities that will contribute to effective NACC oversight of each KASF intervention.

Strategic Goal 3. Strengthening NACC’s institutional capacity: The institutional foundation of NACC must be adequately strong to deliver on the expectations of the people of Kenya. NACC must be managed in accordance with international standards of Governance and Accountability, and national guidelines for management of public institutions and resources. For NACC to achieve part of its mission of increasing domestic resources for the HIV response in the medium and long-term, institutional integrity is required. Eight (8) functional areas and thirty nine (39) strategies are identified to strengthen NACCs institutional capacity.
