

FOR IMMEDIATE RELEASE

Thursday, July 25, 2020 (time to be included once approved)

COMMUNIQUE ON 2019/2020 ANNUAL EVALUATION

Call to Action for End of Performance Contract Evaluation for the Performance Contract Indicator on Prevention of HIV Infections, FY2019/2020

Performance Evaluation is one of the key sub-processes of the Government Performance Contracting (PC) Process of Government Ministries Departments and Agencies (MDA) for the ***Indicator on Prevention of HIV infections***. It focuses on assessing performance and achievement of the targets set for programmes and projects by MDA; and provides the basis for rewarding good performance and sanctioning non-performance.

MAISHA Certification for the indicator as per the guidelines issued under the PC process is carried out at the end of the performance contract year. National AIDS Control Council as the lead agency for the above mentioned indicator is required to provide a certificate for those institutions that have achieved a score of 80% and above during evaluation.

A Physical End of Year Evaluation for your Institution for the FY 2019/2020 is scheduled to begin on July 16, 2020 as per the performance contract guidelines. Cognisant of the fact that the Internal PC exercise and setting of targets for FY 2020/2021 is ongoing, public institutions are advised to ***tentatively use the Evaluation Results available on the MAISHA Online System for the Prevention of HIV Infections Indicator for each MDA***.

The NACC wishes to thank all Public Institutions for their continued support in the HIV and AIDS Response in Kenya.

A handwritten signature in blue ink, appearing to be "Nduku Kilonzo", written over a horizontal line.
